

General Laborer

Safely building Quality structures on Schedule

Come join our family! NWBS is a custom manufacturer of commercial modular structures since 1983 located in Boise, Idaho. We are a fast growing locally owned company with a great team that thrives on having a fun and friendly environment. NWBS offers great incentives to help you accomplish your goals such as training in different construction methods, reading blue prints, power and air tools, voluntary overtime, and company barbecues. We hire for all trades and are willing to train.

- Work begins promptly at **7am and ends at 3:30pm, Monday through Friday.**
- Employee evaluations are conducted at 30-day, 90-day and 1-year intervals with the opportunity for raises and promotions at each time.
- Our total rewards package includes medical insurance, a matching HSA, paid holidays, and a matching 401K plan.
- Management has an open-door policy, your thoughts and opinions matter to us.

Summary

We are currently looking for a **General Laborer** to work throughout different departments throughout the plant as necessary. Employees must be able to work in a fast-paced environment and must also possess a high degree of integrity and the ability to analyze a variety of problems while working independently. Time management and organizational skills are also essential. Training can be provided.

Duties and Responsibilities

- Consistently utilize all required safety equipment and follow proper finishing procedures in compliance with OSHA guidelines.
- Ensure all requirements as specified by plans and the manufacturer of systems and fixtures are met
- Understanding and utilizing carpentry techniques and methods of installation in construction
- Proficient and accurate in using manual equipment and measurement tools
- Building window frames, cut shape and smooth lumber and other materials
- Exceptional safety knowledge of tools, testing devices and surroundings.
- Must be able to climb ladders and work on scaffolding

Qualifications:

- Read blueprints and drawings to determine exact specifications.
- Have required hand tools to perform required work
- Ability to be trained and take direction.
- Ability to work in a team with others.
- Ability to work a flexible schedule as necessary (off-shift hours and weekends).
- Must have a driver's license and reliable transportation.
- High school diploma or GED.

To apply, please apply or come into NWBS to apply/interview directly anytime between 7am-3pm Monday through Friday. NWBS is located at 405 E Boeing Lane, Boise, ID 83716. Our office can be contacted at (208)344-3527 ext.5 for any questions/concerns.
